

Clarity™

Esthetic Orthodontic Solutions

Treatment options

3M™ Victory Series™ Metal Braces

Traditional metal braces — a common treatment option before esthetic treatments became available.

3M™ Clarity™ Clear Braces

Translucent ceramic braces designed to blend in with the natural color of your teeth (versatile look with clean or colored ligatures).

3M™ Clarity™ Aligners

Uses a system of removable, nearly invisible plastic trays (treatment may require plastic attachments which increase visibility).

3M™ Incognito™ Hidden Braces

Braces are hidden behind your teeth for a completely unobstructed smile.
